

**INTERGOVERNMENTAL FORUM
ON MINING, MINERALS, METALS
AND SUSTAINABLE DEVELOPMENT**

Regional Meeting – Post-2015 Dialogue

14:00-17:00, Monday, February 3, 2014

Location: Southern Sun Cape Sun Hotel, Cape Town, South Africa

14:00	Welcome and Introduction
14:15	The Post 2015 Development Agenda and the Sustainable Development Goals (SDGs) in Context
	<i>Presenter:</i> Andrew Dawe , Head of the IGF Secretariat
15:00	Expert Perspectives on Mining and the SDGs
	<i>Presenters:</i> Kate Carmichael , Manager, Social and Economic Development, International Council on Mining and Metals (ICMM) David Parker , Executive in Residence, Canadian International Institute for Extractive Industries and Development (CIIEID) TBC , International Mining for Development Centre (IM4DC)
16:00	Open Discussion: The Role of Mining in the Post-2015 Development Agenda and SDGs
	<i>Discussion Questions:</i> What mining-related issues should be raised in the Post 2015 process? <ul style="list-style-type: none">- Are there priority issues?- How should they be treated – as goals, objectives, concerns, and/or leading practice and guidance? Are there any plans for specific interventions on mining and sustainable development in the Post 2015 process? <ul style="list-style-type: none">- What do those interventions advocate?- What breadth of support do those interventions have? Are there specific standards or initiatives that should be highlighted through the SDGs? <ul style="list-style-type: none">- Which ones are highlighted and which stakeholders do they involve?- Are there standards or initiatives to develop for consideration in the SDGs? If so, how should their development be managed?

	<p>Are you/your organization interested in informing the Post 2015 Process?</p> <ul style="list-style-type: none">- What objective/s would you be seeking to advance?- Are you interested in collaborating with others that share those objectives? <p>Are the mining and sustainable development-related goals, targets or indicators appropriate? If so, which ones?</p> <ul style="list-style-type: none">- Who would be responsible for their implementation?- Who would be responsible for their monitoring and measurement?- Are there appropriate existing databases for this information? <p>Should there be an implementation component to mining and sustainable development in the Post 2015/SDGs?</p> <ul style="list-style-type: none">- Who would be responsible for funding and implementation (donor governments, emerging economies, host countries, consumers or downstream users, the private sector, etc.)?- Would a specific mechanism or instrument for financing be required?
17:00	End of Day

* Agenda subject to change
